

DRAFT MEMORANDUM OF UNDERSTANDING

Reciprocal Agreement on Membership Discounts between The Canadian Evaluation Society (CES) and The European Evaluation Society (EES)

This Memorandum of Understanding (MOU) sets for the terms and understanding between the Canadian Evaluation Society (CES) and the European Evaluation Society (EES) to extend a membership discount to confirmed members of each society.

Background

In the spirit of collaboration, this agreement formalizes the existing arrangement for both professional associations to promote membership in each-other's organization by offering a discount to members who wish to ascribe to both organizations.

Purpose

In the pursuit of the advancement of high-quality, professional evaluation worldwide, the parties agree to the following:

1. Members of EES who are based in the geographical territory of the EES can become members of the CES at a reduced rate of at least 25%.
2. Members of CES who are based in Canada can become members of the EES at a reduced rate of at least 25%.
3. The rate reduction applies to all individual member categories.
4. Such joint members enjoy the same benefits as national members who pay the full rate within their rate category.

Reporting

Parties may periodically communicate lists of names of joint members (and only joint members) for the strict purpose of confirming that they are members in good standing of the other society. Respective membership application forms will indicate that names will be shared with the other society for validation purposes.

Funding

There is no commitment of funds associated with this MOU.

Duration

This MOU is at-will and may be modified by mutual consent of authorized officials from the CES and the EES. This MOU shall become effective upon signature by the authorized officials from the CES and the EES and will remain in effect for five years until modified or terminated by any one of the partners by mutual consent, and is renewable by mutual agreement.
